Hi all! Looking for a place to live? Four wonderful bungalows are vacant which are located in the Bang Bai Mai area - just over the Tapee River bridge - and very close to the Sunday floating market. Jack and I live in one of the bungalows and love it. The property manager is very sweet and will often give us bananas and coconuts that are grown on the property. Huge monitor lizards are common, but not a bother. Occasionally, we see a trained monkey climb up a palm tree to fetch ripe coconuts. If you have any questions, feel free to message me. You can also just stop by and ask for P. Noon.

**Matt Phillips** I lived here for a year. It was a great time. I definitely recommend it! Having Jack and Caitlin as neighbours would be a big plus, too. 😊
